

VOLUNTEER QUESTIONNAIRE

TCGC Animal League works to "rescue" homeless purebreds and mixes from shelters, and also assists the owners to find new homes for their pets when they must give them up. We need volunteers to transport dogs, foster dogs until adopters are found, help with fund raising, and go to the shelters to advise us when they have a Lab being held. If you would take a moment to fill out this form, it will enable us to determine if this is the appropriate volunteer opportunity for you, and where you might best be helpful. After you have completed this questionnaire, please mail it back to the address below. Thank you very much for your interest in our project.
